

Title: Review of uno's

By: Hannah Endres

I just ate at the most mouth restaurant called uno's. You are seated right when you walk in the door! The pictures are about way back then the appetizers were delicious! The decore was awesome! I could not stop staring at one of the pictures! the menu was very entertaining beause it had pictures of the oldendays! one of the

made-up pictures was of a space-ship! Also the service was v-e-r-y slow. and the food.. was way to hot, and it took so long for them to pay the bill!

Uno's would be a great place to go with your friends and family to sit around, eat, talk and most importantly have fun. this restaurant is similar to Chili's so if you like hot spicy mouth watering food.. your bound to like uno's!
